# Chat with your Documents: Ragtime (Coming Soon to Stenoris)

Ragtime by Ateleris GmbH

## Ragtime

Chat with your documents!

With Ragtime, we've made it incredibly convenient for you to interact with your PDF documents. We harness the power of large language models, such as OpenAI's GPT-4o, to convert your PDFs into content you can easily retrieve by conversing with our chatbot. Our platform allows you to upload your PDF files (please do not upload sensitive information) and seamlessly integrate the text into discussions facilitated by our advanced AI technology.

Test with case files from the EPIC vs. Apple lawsuit

**Upload your PDFs for FREE**

Test with space technology documents from the ESA ECSS standard
